GENERAL INFORMATION

Location: Hyder-Burks Agricultural Center is located at 2390 Gainesboro Grade, Cookeville, TN 38501.

Accommodations: Cookeville Convention & Visitors Bureau maintains a website <https://visitcookevilletn.com/stay-here> for lodging information.

Airport: Cookeville is located 1 ½ hours from the Nashville International Airport and 1 ½ hours from the McGhee Tyson Airport in Knoxville, TN. Both are served by most major airlines.

Contact Information:

Sale is managed by the American Dorper Sheep Breeders' Society. Karla@dorpersheep.org or [dorpersheep.org facebook.com/dorperrevolution](https://www.facebook.com/dorperrevolution)

Online Viewing of Shows & Sales: The show will be live streamed on the ADSBS [youtube.com](https://www.youtube.com/channel/UCADSBS) channel. You can find that on [youtube.com](https://www.youtube.com/channel/UCADSBS) by searching @DorperRevolution.

You can log onto the site and watch for free. After the show ends the show will be archived and may be accessed on the site.

The sale will be live streamed on [toplivestock.com](https://www.toplivestock.com) - You will need to set up an account on the site to view the live stream. You can also register to purchase animals during the sale.

Sale Order: The show held on June 27, 2025, will determine the sale order.

Registration Papers: All sheep in the sale have registration papers that will be transferred to purchasers at consignor's expense. Purchasers will receive their sheep's registration papers in the mail.

Terms: Animals purchased must be paid for by cash, check, or secured by ACH or credit card payment on Sale Day. A convenience fee will be charged for credit card or

ACH payment. Non-US buyers must pay in US funds. A 20% surcharge will be assessed to any insufficient funds checks issued. The auctioneer's decision will be final on any dispute as to bids. Substitute entries will be designated with a line under their paint brand and lot number on the sale order. All animals are at purchasers' risk as soon as sold.

Hauling or Delivery: Standard hauling and delivery services of animals purchased in the sale can be made to most anywhere in the country. Each hauler will set their own fee with the animal purchaser.

Health Papers On Purchases: All animals consigned to the Southern States Dorper Show & Sale must be accompanied by official health certificates. After the sale, buyers can obtain health papers on their purchases by coming to the sale checkout. At check-out, buyers also receive a list of purchases. Buyers then take the list to the Veterinarian to receive new health papers on their purchases. It is very important that all buyers obtain health papers on their purchase.

SALE GUARANTEE: EXCEPT FOR THOSE STATED IN THE BELOW GUARANTEE, THERE ARE NO WARRANTIES, EITHER EXPRESSED OR IMPLIED AS TO THE MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE WITH RESPECT TO THE SHEEP BEING SOLD IN THIS SALE.

The warranties and guarantees set forth in the below guarantee are in lieu of all other warranties, either expressed or implied, and the remedies provided therein shall be the sole and exclusive remedy of the buyer, or any party claiming through the buyer, for any breach of warranty or guarantee therein provided, and all obligations or liabilities.

GENERAL INFORMATION

1. Every ram and ewe sold will be guaranteed as a breeder if properly handled. It shall be the responsibility of the buyer to return the non-breeders to the seller in acceptable breeding condition. The seller, after a fair trial and the animal is found to be a non-breeder, shall have the privilege of replacing the ram or ewe with one of equal value and/or quality to the satisfaction of the seller, or refunding the purchase price. This guarantee shall not apply the first year to any sheep that are shown after the sale date. All ewe lambs are exempt from the breeding guarantee the first year.

2. Notification of non-breeder rams must be made to the seller within six months following the sale. Notification of nonbreeder ewes over six months of age on the date of sale must be made to the seller within one year of the date of the sale. Notification of non-breeder ewe lambs under six months of age on the date of sale must be made to the seller within 18 months of the date of sale.

3. This guarantee shall constitute a contract between the buyer and the seller only, and no other parties assume any liability, legal or otherwise, expressed, or implied.

4. Neither the Sale Managers nor sponsoring organizations can or will assume any responsibility as to the authenticity of the pedigrees, bloodlines, or information provided in the sale catalog, pen cards or otherwise, and the subsequent genetic performance of any sheep purchased. All such information must be accepted at face value. Any statements or information given sale day supersedes cataloged information. Any special guarantees or claims offered by individual consignors is strictly between the consignor and the buyer and will not be enforced by the Sale Managers or the sponsoring organization.

5. White Dorpers are guaranteed negative for dermatosparaxis. By consigning, the consignor agrees to

stand behind any animal found to test positive and either replace the animal or refund the purchase price.

6. All rams over the age of 6 months will have a guaranteed Negative B. Ovis test.

7. Consignors agree to be bound by these rules, and the terms and conditions of the sale. Violation will result in the right to consign being revoked for one year from the date of offense.

NOTICE: ALL PERSONS WHO ATTEND THIS SALE DO SO AT THEIR OWN RISK. THE AMERICAN DORPER SHEEP BREEDERS' SOCIETY AND CONSIGNORS ASSUME NO LIABILITY, LEGAL OR OTHERWISE.

BUYERS GUIDE

The Southern State Dorper Show and Sale is the largest Dorper and White Dorper event in the Southeast! Breeders come from all corners of the region to present buyers with the highest quality seedstock. Whether you are a returning buyer or this is your first timing purchasing sheep at the sale, below are some guidelines and tips to help you have the best experience.

Before the Sale

1. The Southern States Dorper Sale Catalog will be posted on the ADSBS website and Facebook page for you to browse through all the sheep that will be in the sale. The catalog is categorized by breed and date of birth so you can easily find animals that meet your production goals.
2. You may search a sheep's pedigree by typing in their registration number in the online database available at <https://bit.ly/DorperDatabase> and you can find a sheep's registration number in the catalog. The pedigree search is interactive, and you can click on any sheep in the pedigree to find out more on their lineage.
3. Most breeders will post pictures and videos of their consignments to their personal or ranch social media sites or websites. If you see a sheep you like, feel free to reach out and ask the breeder any questions you may have. The more information you can gather will increase your confidence as a buyer.
4. You can also check out the Southern States Dorper Sale event page on TopLivestock.com where many breeders upload pictures that will be displayed in their lot number on the event page.

Day of the Show

1. The single lots will be exhibited first and will begin at 8:00 AM CST on June 27, 2025, in the Show Ring. Sheep will be shown on a halter and presented on the move and in a set up positions. The judge will inspect the class and place the top five in the class. The judge will give reasons over the loudspeaker on why they placed that class they way that they did. Any sheep that has a cull fault is disqualified and will not sell in the sale.
2. The Pens of Two Ewes will be evaluated immediately follow the singles. Ewes will be shown loose, and the judge will inspect all the ewes in the pen. The judge will place the top five pens for each breed. If there is a ewe that has a cull fault, only that ewe is disqualified and will not sell as part of the pen.
3. If you are not able to attend the show in person, the show will be livestreamed at youtube.com (search @DorperRevolution) and will also be archived on the same day so you can rewatch as many times as you like.
4. After the show concludes the sale order will be determined and posted by that evening in the barn and on-line.

Day of the Sale

1. Register at the Clerk's Office for a bid card. It's a good idea to register with the exact name in which you want the sheep registered. If you are buying for your children or grandchildren, please have a separate bid card for each child if you want the sheep registered under separate names. This will make check-out much quicker.
2. If you want someone who is present at the sale to bid for you, you will need them get a separate bidder number for you. It is not acceptable for one person to buy for multiple people unless they are going to write one check for all the sheep. Example: a bidder cannot have buyer number 501 and tell auctioneer that 501-1 or 501-2 or 501-3 purchased the animal.
3. Pens of Ewes are sold by the head where the final bid is multiplied by how many are being sold in the pen for a total purchase price. Example: a Pen of Two Ewes, with a final bid of \$1,000, is multiplied by two (2) for a total purchase price of \$2000
4. The Southern States Dorper Sale will begin at 10 AM CST.
5. All sheep must be picked up and off the show grounds by 8 AM Sunday, June 29, 2025. You need to have a hauler lined up BEFORE the sale is over. It is at buyers' expense to have sheep delivered to their ranch. ADSBS is not liable for any hauling issues.

Online

1. The Southern States Dorper Sale will have an online option to watch the sale and bid through Top Livestock. If this is your first time bidding on line, you will need to visit www.toplivestock.com to set up account before the day of the sale. Note: Top Livestock will ask you for your credit card or banking information. This only to prove that you are a qualified bidder. Top Livestock does not share that information with ADSBS, or the independent clerking company contracted for the sale.
2. It's a good idea to familiarize yourself with the bidding process.
3. Make sure you have an internet connection that is solid and fast! You don't want to miss out on a sheep or bid on the wrong sheep because your internet was buffering.
4. After you purchase an animal, you will be contacted by a staff member of either ADSBS or the clerking company for your payment and hauler information. They will be calling the number you provided to DV Auction so make sure it is a phone that you are able to answer. Payment will be finalized at the completion of the sale and all sheep must be paid before they leave the barn. Note: You may want to notify your credit card company or banking institution that you will be making purchases for animals to avoid the possibility of your transaction being declined.

Ultrasound data: What does it mean?

Travis W. Hoffman, Ph.D.
North Dakota State University/University of Minnesota
Extension Sheep Specialist/Associate Professor
701-231-Baaa(2222); Travis.W.Hoffman@ndsu.edu

The Future is So Bright for the National Dorper Show & Sale in Duncan, Oklahoma. On Thursday, the American Dorper Sheep Breeders' Society facilitated a carcass ultrasound of all entered rams prior to show/sale.

Ultrasonography technology has been available for many decades, and I commend the ADSBS for providing benchmarks for producers and a selection tool for potential buyers. Data will be published and available for Dorper and White Dorper rams as a supplement of the sale order.

The breed founders developed, and current breeders appreciate, the hardy and adaptable nature of Dorper/White Dorper genetics. However, I further believe it is the early growth and muscling that captures the intrigue of commercial producers.

The carcass ultrasound measurements will be 12th Rib Backfat (BF) and Ribeye Area (REA). In general, REA is our most predictive indication of overall muscularity and potential carcass merit of retail product yield.

The REA measurement is reported in square inches (or if square centimeters, divide by 6.45). While Dorper sired lambs may hit market at earlier weights than traditional lambs, a REA reference is a 130 lb. sheep should have at least a 2.7 in² area.

With the example 130 lb. ram, there may certainly be 3.0, or even mid 3 sq. in. areas reported. As weight increases, we expect ribeye area to incrementally increase as well. There will be yearling rams with 4+ square inch measurements.

I expect 12th rib backfat thickness to be another selection tool; but not as definitive in how you utilize it. Measurement will be in inches, with an approximate 0.25 inch average of younger rams. A greater backfat

measurement can be interpreted as improved ease of fleshing ability for the next generation if focus is a range ewe base in extensive environments.

Conversely, a trimmer fat measurement provides the expectation of trimmer carcasses, and evidence of more lean muscle growth as it relates to age and maturity of marketed lambs. Be aware that this measurement is greatly dependent on maturity pattern, animal nutrition, and management practices.

Moral of the story, buyers in Duncan will be provided more information for their purchasing decisions with ram carcass ultrasound data. Those seedstock and commercial producer wishing to improve muscle growth and improved meat yield should bid on the high REA, low to moderate BF rams.

Huge Thank You to the producers for offering high quality genetics, and Good Luck to the buyers that aspire to incorporate Dorper and White Dorper genetics into their operation to create American Lamb.

Sheep carcass ultrasound is a tool to predict genetic EBV's that can improve cutability of harvested lambs. Cutability is a combination of trimness and muscularity. Breeders can use this tool to gather their own information and make genetic progress. The more information we have for improvements of the next generation the better, use the carcass ultrasound data as it may fit your breeding program.

Single Consignments (by breeder)

*Thank you to each of our consignors and buyers.
You are the reason we are here. Please let us know how
we can help you.*

Missouri Dorpers

Early Fall Dorper Ram Lamb
9/12/2024

Comments: The standout ram of our Fall 24 lamb crop, 4439 has length, muscle and correctness. He stood out with his breed character, masculine head, and body depth. South African Inspector Phillip Strauss also picked him as his favorite of ram out of 18 September born rams, all sired by Lazy 5 5298, Night Train.

Junior Yearling White Dorper Ewe
2/10/2024

Comments: Our other yearling ewe that may have a little more power but still shows that femininity that we strive for in our ewes. She is sired by Tailgunner, a ram we used to add performance and he sure has. Unlike most of our ewes, 4315 does not have Well Rope in her pedigree because she traces

back to Well Rope's dam. We bought all the females out of his family except one at the Historic Riverwood Dispersal. She was exposed from 4-7 to 6-2 to Glide(T5,C5), our Linedrive son. Typed a 5 by Philip Strauss in April.

Junior Yearling White Dorper Ram
4/10/2024

Comments: A true Stud ram here, having the genotype to go with the phenotype. Typed a 5 by Philip Strauss in April, this ram has great length, depth, and still maintains a strong topline. You will love his natural thickness and muscle to go with a very correct chasis. He is sired by the National Champion

Ron Jovi, and his dam is one of those really good Well Rope daughters. She is a member of our best ewe family. It's a shame but we can't keep them all.

Twin Ridges

Twin Ridges24043 Reg: RF190525

Junior Yearling Dorper Ram
1/9/2024

Comments: 24043 is an extremely deep bodied, thick made ram and comes directly from the kids' show string. He sired by "The Rock," Twin Ridges 21183. His sire combines the 2019 Champion Dorper Ewe from Binks Family Farm, Our 2019 Champion Ram at the All-American, and an ewe from

the Champion Pen at Duncan from EGGS and is a type 5. His dam has a 1.86 weaning average at 102 pounds of lamb in 60 days. She is also a type 5 and goes back to our original foundation ewes.

Late Fall White Dorper Ewe Lambs
11/15/2024

Comments: Purebred ewe with tons of capacity to carry lots of lambs! Her mom is one of our best- 3 sets back to back of all-female twins since her first lambing as a 14mo. This ewe lamb stands out with an ADG of 0.74 on grass and a consistently low FEC. Will fit in great on an accelerated production system! 92lbs June 10th.

Comments: These March 2024 Junior Yearlings looked great in our pasture. Think they will look great in yours.

Find out how to add Dorpers to your herd to increase your bottom line at dorperssheep.org/multi-species-grazing

Dorpers make great multi-species grazers, increasing your returns per acre.

Increase your soil organic matter

Reduce chemical weed control

Registration: EP201080 | DOB: 10/6/2024

Comments: These fall ewe lambs are twin sisters out of one of our top producing ewes and sired by a Kobe son from Norman Kohls. They are a nice pair that will make excellent brood ewes. Take them home, turn them out and watch them grow. We have retained several daughters from their dam and they continue to produce quality stock time and time again.

Comments: Big, Bold, Fancy, Feminine & Correct. The words that come to mind when you see this pair of March yearlings sired by Dunn Dorpers 068 (Kobe son from Norman Kohls). They are as good as they come and are ready to go to work for you. They sell open to breed to the ram of your choice. Not much to say here. When you see them you will know why.

Lot: 246

Weaver Farms

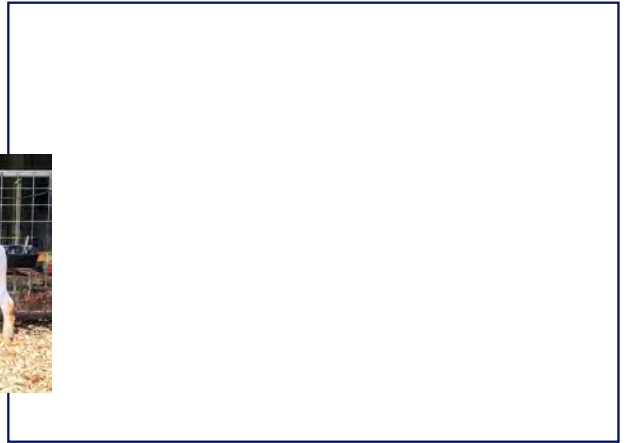

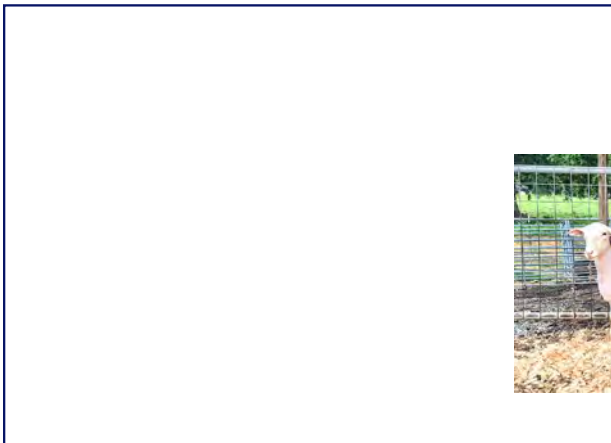

Registration: EP | DOB: 12/26/2024

Registration: EP | DOB: 1/15/2025

Comments: Nice pair of ewes sired out of Barnes Livestock 599 who is an eye-appealing ram that combines HiJo and Land of Legend genetics.

Lot: 247

Wilson Farms
