Like our page on Facebook to stay tuned: [facebook.com/DORPERREVOLUTION](https://facebook.com/DORPERREVOLUTION)

# GENERAL INFORMATION

Location: Stephens County Fair and Expo Center, 2002 S 13th St, Duncan, OK 73533

Accommodations: Duncan Convention & Visitors Bureau maintains a website [www.visitduncan.org](http://www.visitduncan.org) for lodging information.

Airport: Duncan is located 65 miles from the Will Rogers World Airport in Oklahoma City, OK which is served by most major airlines.

Contact Information: Sale is managed by the American Dorper Sheep Breeders' Society. [Karla@dorper sheep.org](mailto:Karla@dorper sheep.org) or [dorper sheep.org](http://dorper sheep.org) [facebook.com/dorperrevolution](https://www.facebook.com/dorperrevolution) or [YouTube.com](https://www.youtube.com) and search Dorper Revolution.

Online Viewing of Shows & Sales: The show will be live streamed on [YouTube.com](https://www.youtube.com) through the ADSBS page and through CCI.

The sale will be live streamed on CCI.live - You will need to set up an account on the site to view the live stream. You can register to purchase animals during the sale

Consignor Checks: As a consignor to the sale, you agree to allow the ADSBS up to 3 weeks to turn around checks. By agreeing to these terms, the ADSBS will be in compliance with the Packers & Stockyards Act.

Registration Papers: All sheep in the sale have registration papers that will be transferred to purchasers at consignor's expense. Purchasers will receive their sheep's registration papers in the mail.

Terms: Animals purchased must be paid for by cash, check, or secured by ACH or credit card payment on Sale Day. A convenience fee will be charged for credit card or ACH payment. Non-US buyers must pay in US funds. A 20% surcharge will be assessed to any insufficient funds checks issued. The auctioneer's decision will be final on any dispute as to bids.

Substitute entries will be designated with a line under their paint brand and lot number on the sale order. All animals are at purchasers' risk as soon as sold.

Hauling or delivery: Standard hauling and delivery services of animals purchased in the sale can be made to most anywhere in the country. Each hauler will set their own fee with the animal purchaser.

Health Papers On Purchases: All animals consigned to the National Dorper and White Dorper Show & Sale must be accompanied by official health certificates. After the sale, buyers can obtain health papers on their purchases by coming to the sale checkout. At check-out, buyers also receive a list of purchases. Buyers then take the list to the Veterinarian to receive health papers on their purchases. It is very important that all buyers obtain health papers on their purchase.

SALE GUARANTEE: EXCEPT FOR THOSE STATED IN THE BELOW GUARANTEE, THERE ARE NO WARRANTIES, EITHER EXPRESSED OR IMPLIED AS TO THE MERCHANTABILITY OR

FITNESS FOR A PARTICULAR PURPOSE WITH RESPECT TO THE SHEEP BEING SOLD IN THIS SALE.

The warranties and guarantees set forth in the below guarantee are in lieu of all other warranties, either expressed or implied, and the remedies provided therein shall be the sole and exclusive remedy of the buyer, or any party claiming through the buyer, for any breach of warranty or guarantee therein provided, and all obligations or liabilities.

1. Every ram and ewe sold will be guaranteed as a breeder if properly handled. It shall be the responsibility of the buyer to return the non-breeders to the seller in a acceptable breeding condition. The seller, after a fair trial and the animal is found to be a non-breeder, shall have the privilege of replacing the ram or ewe with one of equal value and/or quality to the satisfaction of the seller, or refunding the purchase price. This guarantee shall not apply the first year to any sheep that are shown after the sale date. All ewe lambs are exempt from the breeding guarantee the first year.

2. Notification of non-breeder rams must be made to the seller within six months following the sale. Notification of nonbreeder ewes over six months of age on the date of sale must be made to the seller within one year of the date of the sale. Notification of non-breeder ewe lambs under six months of age on the date of sale must be made to the seller within 18 months of the date of sale.

3. This guarantee shall constitute a contract between the buyer and the seller only, and no other parties assume any liability, legal or otherwise, expressed, or implied.

4. Neither the Sale Managers nor sponsoring organizations can or will assume any responsibility as to the authenticity of the pedigrees, bloodlines, or information provided in the sale catalog, pen cards or otherwise, and the subsequent genetic performance of any sheep purchased. All such information must be accepted at face value. Any statements or information given sale day supersedes cataloged information. Any special guarantees or claims offered by individual consignors is strictly between the consignor and the buyer and will not be enforced by the Sale Managers or the sponsoring organization.

5. All rams have been tested for B.OVIS and will come with a B.OVIS negative test.

6. White Dorpers are guaranteed negative for dermatosporax. By consigning, the consignor agrees to stand behind any animal found to test positive and either replace the animal or refund the purchase price.

7. Consignors agree to be bound by these rules, and the terms and conditions of the sale. Violation will result in the right to consign being revoked for one year from the date of offense.

NOTICE: ALL PERSONS WHO ATTEND THIS SALE DO SO AT THEIR OWN RISK. THE AMERICAN DORPER SHEEP BREEDERS' SOCIETY AND CONSIGNORS ASSUME NO LIABILITY, LEGAL OR OTHERWISE.

# GENERAL INFORMATION

Minimum Bids: Rams - \$500; Ewes - \$400

Sale Order: Champion White Dorper Ram, Champion Dorper Ram, Res Champion White Dorper Ram, Res Champion Dorper Ram will sell, then placing rams in alternating order (White Dorper/Dorper) from oldest to youngest, and finally the non-placing rams in random order by age alternating White Dorper/ Dorper. The ewes would then follow the same order as the rams. Pens of 2 Champion White Dorper & Dorper followed by Pens of 2 Reserve Champion White Dorper & Dorper followed by placing pairs alternating with White Dorper/Dorper and finally the non-placing pairs in random order alternating with White Dorper/Dorper.

Breeders come from all corners of the region to present buyers with the highest quality seedstock. Whether you are a returning buyer or this is your first timing purchasing sheep at the sale, below are some guidelines and tips to help you have the best experience.

## Before the Sale

The catalog will be posted on the ADSBS website and Facebook page for you to browse through all the sheep that will be in the sale. The catalog is categorized by breed, gender, and date of birth so you can easily find animals that meet your production goals.

You may search a sheep's pedigree by typing in their registration number in the online database available at <https://bit.ly/DorperDatabase> and you can find a sheep's registration number in the catalog. The pedigree search is interactive, and you can click on any sheep in the pedigree to find out more on their lineage.

Most breeders will post pictures and videos of their consignments to their personal or ranch social media sites or websites. If you see a sheep you like, feel free to reach out and ask the breeder any questions you may have. The more information you can gather will increase your confidence as a buyer.

## Day of the Show

The single lots will be exhibited first and will begin at 8:00 am CDT in the Show Ring. Sheep will be shown on a halter and presented on the move and in a set up positions. The judge will inspect the class and place the top five in the class. The judge will give reasons over the loudspeaker on why they placed that class they way that they did. Any sheep that has a cull fault is disqualified and will not sell in the sale.

The Pens of Two will be evaluated immediately following the singles or at 1:00 pm CDT. Ewes will be shown loose, and the judge will inspect all the ewes in the pen. The judge will place the top five pens for each breed. If there is a ewe that has a cull fault, only that ewe is disqualified and will not sell as part of the pen.

If you are not able to attend the show in person, the show will be livestreamed at [taylorfort.com](http://taylorfort.com) and will also be

archived on the same day so you can rewatch as many times as you like

After the show concludes the sale order will be determined and posted by that evening in the barn and online.

## Day of the Sale

Register at the Clerk's Office for a bid card. It's a good idea to register with the exact name in which you want the sheep registered. If you are buying for your children or grandchildren, please have a separate bid card for each child if you want the sheep registered under separate names. This will make check-out much quicker.

If you want someone who is present at the sale to bid for you, you will need them get a separate bidder number for you. It is not acceptable for one person to buy for multiple people unless they are going to write one check for all the sheep. Example: a bidder cannot have buyer number 501 and tell auctioneer that 501-1 or 501-2 or 501-3 purchased the animal.

Pens of Ewes are sold by the head where the final bid is multiplied by how many are being sold in the pen for a total purchase price. Example: a Pen of Two Ewes, with a final bid of \$1,000, is multiplied by two (2) for a total purchase price of \$2,000

All sheep must be picked up and off the show grounds by 8 AM Sunday morning. You need to have a hauler lined up BEFORE the sale is over. It is at buyers' expense to have sheep delivered to their ranch. ADSBS is not liable for any hauling issues. Consignors who are willing to transport back to their original location are marked in the catalog.

## Online

It's a good idea to familiarize yourself with the bidding process for CCI Auction Services. There is a feature where you can set your maximum bid and then the website will automatically bid for you.

Make sure you have an internet connection that is solid and fast! You don't want to miss out on a sheep or bid on the wrong sheep because your internet was buffering.

After you purchase an animal, you will be contacted by a staff member of either ADSBS or the clerking company for your payment and hauler information. Payment will be finalized at the completion of the sale and all sheep must be paid before they leave the barn. Note: You may want to notify your credit card company or banking institution that you will be making purchases for animals to avoid the possibility of your transaction being declined.

# Ultrasound data: What does it mean?

Dorper/White Dorper Carcass Ultrasound  
Travis W. Hoffman, Ph.D.  
North Dakota State University/University of Minnesota  
Extension Sheep Specialist/Associate Professor  
701-231-Baaa(2222); [Travis.W.Hoffman@ndsu.edu](mailto:Travis.W.Hoffman@ndsu.edu)

The Future is So Bright for the National Dorper Show & Sale in Duncan, Oklahoma. On Thursday, the American Dorper Sheep Breeders' Society facilitated a carcass ultrasound of all entered rams prior to show/sale.

Ultrasonography technology has been available for many decades, and I commend the ADSBS for providing benchmarks for producers and a selection tool for potential buyers. Data will be published and available for Dorper and White Dorper rams as a supplement of the sale order.

The breed founders developed, and current breeders appreciate, the hardy and adaptable nature of Dorper/White Dorper genetics. However, I further believe it is the early growth and muscling that captures the intrigue of commercial producers.

The carcass ultrasound measurements will be 12<sup>th</sup> Rib Backfat (BF) and Ribeye Area (REA). In general, REA is our most predictive indication of overall muscularity and potential carcass merit of retail product yield.

The REA measurement is reported in square inches (or if square centimeters, divide by 6.45). While Dorper sired lambs may hit market at earlier weights than traditional lambs, a REA reference is a 130 lb. sheep should have at least a 2.7 in<sup>2</sup> area.

With the example 130 lb. ram, there may certainly be 3.0, or even mid 3 sq. in. areas reported. As weight increases, we expect ribeye area to incrementally increase as well. There will be yearling rams with 4+ square inch measurements.

I expect 12<sup>th</sup> rib backfat thickness to be another selection tool; but not as definitive in how you utilize it. Measurement will be in inches, with an approximate 0.25 inch average of younger rams. A greater backfat

measurement can be interpreted as improved ease of fleshing ability for the next generation if focus is a range ewe base in extensive environments.

Conversely, a trimmer fat measurement provides the expectation of trimmer carcasses, and evidence of more lean muscle growth as it relates to age and maturity of marketed lambs. Be aware that this measurement is greatly dependent on maturity pattern, animal nutrition, and management practices.

Moral of the story, buyers in Duncan will be provided more information for their purchasing decisions with ram carcass ultrasound data. Those seedstock and commercial producer wishing to improve muscle growth and improved meat yield should bid on the high REA, low to moderate BF rams.

Huge Thank You to the producers for offering high quality genetics, and Good Luck to the buyers that aspire to incorporate Dorper and White Dorper genetics into their operation to create American Lamb.

***The ADSBS is trying to collect data for producers to carefully use in their programs. Back fat and loin-eye area numbers are extremely important to the future of EBVs and yield grades for sheep. However, the ADSBS does acknowledge that we are in the early stages of gathering data and there are numerous other predictors that will affect the overall carcass yield grades.***

*Here is a great ram for some first time lambers! He is thick by a Type 5 sire and Type 4 yearling ewe that did a great job on a set of twins at 17 months! He came small at 5 lbs and had a .87 WDA at weaning raised as a twin on a yearling! Dam had her 2nd set of twins before her second birthday. She's due again this month if your serious about making your sheep make money he has to be near top of your list!*

**Lot: 206 |****Running TC Livestock 2514****Exhibited by: Tanner Christie****Tanner Christie***tanner\_7@icloud.com**(817) 408-0199**Tahoka TX**Late Spring Yearling Dorper Ram Lamb***REG:** RP200706 **DOB:** 3/17/2025, Triplet**Sire:** NK Ranches Inc 2372, RP186344**Dam:** Running TC Livestock 2215, EP169120

*2514 is the kind that adds real value to any serious program. Built with balance, proportion, and presence, he has already proven his quality with two class wins at Fort Worth. Even more impressive, his twin sister (Rolex) has hung four banners at the Texas Majors â€” making his upside as a female maker hard to ignore. If youâ€™re serious about building better ones, heâ€™s not one you want to leave behind.*

**Lot: 208 |****B Cook Dorpers 2521****Exhibited by: Brad Cook****Brad Cook***bradCook64@gmail.com**(817) 648-1019**Weatherford TX**Early Fall Dorper Ewe Lambs***REG:** RF551650 **DOB:** 9/9/2025, Twin**Sire:** RR Dorpers North 2287, RF178208**Dam:** B Cook Dorpers 2312, EF182944

*This is an extremely classy looking ram with lots of growth left. Very good muscle, structurally correct. Top side is all RR Dorpers and N&K. Bottom side is HiJo, Holman and some old school Yucca Lily. This ram will be a huge asset to anyones program.*
