RED LAMB STAND \$225
LIFETIME WARRANTY

NEW!

Introducing our new Mini Mineral Feeder

Smaller capacity, shorter height, and economical.

In addition to our exclusively designed Mineral Feeder, we now have a Mini Mineral Feeder. The Mini Mineral Feeder is very similar in design as our original feeder with a few differences in specifications. The Mini Mineral Feeder has a 26" diameter base and sets lower so the bottom of the feeder opening is only 13" off of the ground. The plastic top holds a little over 30 pounds which is less than half of the capacity of our other Mineral Feeder. The Mini Mineral Feeder also has a **LIFETIME WARRANTY** just as our other Mineral Feeder does. List price will be \$170 however, for a limited time only, the Mini Mineral Feeder will be special priced at \$150.

Sale starts April 1, 2019 and ends June 30, 2019. To receive the discounted price, sale items must be at least paid for by June 30, 2019. Discount does not include shipping/delivery charges. No shipping or delivery charge if items are picked up at any events we attend. Discount cannot be used on previous orders, any custom equipment, or combined with any other discounts. We reserve the right to limit excessive quantities.

INTRODUCTORY PRICE! \$150

Limited time only until June 30, 2019!

We are heading to the sale in Duncan, OK! Save on shipping with free delivery to the sale—ORDER NOW!

Pre-orders must be placed by April 1, 2019 to guarantee free delivery to the show but we will be taking pre-orders until April 12th. We will still have some inventory available at the show.

A nice percentage pen of yearling ewes that sell exposed to HSS 4269 from 10-9-18 to 11-30-18. They are sired by the Afton Hills ram we purchased at Sedalia who has very good structure and feet. These are some of his first daughters to lamb and we are excited about the results.

A pen of three Fall percentage lambs that would be great to breed up from. They have been raised on grass in the Southeast and should be productive in any environment. We push our flock to lamb every 8 months on pasture, with only grain for lactating ewes and lambs.

Sire has given us some top lambs, including 2018 NAILE Champion Ewe. This ram's maternal great granddam was also a NAILE Champion Ewe. Great profile, heavy muscled, nice pedigree. This is a good package!

Paternal grandsire was the 2015 National Champion Ram. Dam is a never-miss female that just keeps giving us good ones. This ram's full sister, born in February 2018, placed very well all summer and at NAILE. Power-packed pedigree!

We had a robust private sale season, so we're not selling many more ewes this year. Here's a great opportunity. If you need any of our consignment to come back North or East, we'll bring them home to Illinois, or the Ohio Dorper Sale in May at no charge.

This young ram has a bright future as a stud ram. He is heavy muscled, smooth, correct, balanced and standing on good bone and solid feet. He goes back to the legendary Dell "Juke" ram, and would make a great outcross ram on any flock.
