Youth Sheep Production Division Overview

Southern States Show & Sale in Cookeville, TN 2019

PURPOSE- The goal is to showcase production Dorper females and their offspring, as applicable to sheep production, along with instilling good record keeping skills, money handling skills and public speaking in youth. The goal is to involve more youth who may not have the means to own and exhibit "show" sheep but still have good females that consistently produce and raise lambs. The Dorper sheep, having its roots in a commercial setting, is ideal to use for this type of project. Exhibitors must own the ewe and her lamb(s) and must be an ADYS Member in good standing.

RECORD BOOKS: Record forms are to be kept on the ewe from breed date on documenting costs and include questions on feeding, etc. Forms should be put in a folder or binder with a cover sheet with the exhibitor's name. Charts and photographs are encouraged, be creative! Record books will be judged by a panel of individuals and scores averaged together.

INTERVIEWS: Each exhibitor will be interviewed by a panel of individuals and scored based on knowledge of project, neatness of book, business mindedness and the productivity of their project. Topics and potential questions will relate to sheep husbandry, agriculture, their own animals and record books.

LIVE SHOW: the ewe and her lamb(s) are shown loose. Judging will be based off of conformation, soundness and overall production traits. Cull traits will still be looked for. The lambs may be ewes, rams or wethers.

Final placing and determination of "Champion producer" will be based off a point system. The live show points will be doubled.

Point schedule

1st-7 points. 2nd-6 points. 3rd-5 points. 4th-4 points. 5th-3 points. 6th-2 points. All others-1 point.

Rules

1. The ewe and her lamb(s) must be owned by the youth or youth's family and must be either purebred or fullblood registered dorper.
2. Youth must be members in good standing with the ADSBS
3. Entry Deadline: July 1, 2019
4. Record books will be turned in Friday morning at interview check in and will be judged
5. Interviews will begin at 8AM Friday morning, times will be designated after all entries are received
6. The Live Production class will be held immediately following the completion of interviews Friday morning before the open show.
7. Winners will be announced and presented with awards prior to the start of the sale on Saturday at 1PM.
8. Ewes must be properly washed and sheared, but will be shown loose, individually. Lambs weaned from the ewe will also be washed and sheared. Young lambs on their dam's side will be shown naturally.
9. Animals will be judged from a production standpoint but will also follow breed guidelines.
10. If the ewe has not yet lambed, a blood test or sonogram must accompany her to prove she is in fact bred.
11. Lambs may be ewes, rams or wethers.
12. Live animals will be divided into workable classes at management's discretion
13. Youth will be allowed to show no more than two (2) production projects per show
