If the TRANSFER of OWNERSHIP is filled in, a TRANSFER FEE Applies

**January 1, 2020 - The ADSBS Office will ONLY accept an "Application for Registration" from the OWNER of the animal that needs to be registered. The OWNER is the person that owned the dam at the time the animal (the one being registered) was born.**

Signature of the recorded owner of the dam at lambing \_\_\_\_\_

Date \_\_\_\_\_

*I hereby certify the above information is accurate and the animals being registered are in compliance with ADSBS rules and do not exhibit disqualifying faults.*

# Application for Registration Instructions

## Member Code

If you know the Member Code/ID, list the six-digit code assigned to your name.

## Breeder

The breeder of a lamb is the person who owned the dam at the time she was bred.

## Owner

The owner of a lamb is the person who owned the dam at the time she lambed. The ADSBS Office will only accept an Application for Registration and payment from the Owner.

## Flock Name

Represented by a name you choose to register your new animals. Your private flock name will remain on record unless a change, in writing, is requested.

## Dorper &/or White Dorper

Check if Dorper or White Dorper. The registry program will automatically assign Dorper or White Dorper based on the parents. If you cross White Dorper with Dorper, the dam will go to 0% and the offspring will be 50% of the sire.

## Office Use

Please leave this column blank.

## EWE or RAM

Circle if the animal being registered is a Ewe or Ram.

## Tag Number

List the tag number in the animals' ear. Once an animal is registered with a Flock Name and Tag Number, this number can not be changed or corrected.

## Permanent Identification (if any)

If you want the tattoo, scrapie tag number, or electronic implant to be printed on the registration certificate, fill in this column. The permanent identification can be changed/corrected at a later date and will be charged a correction fee.

## Birth Date

The date the animal was born. Must include the month, day and year. (MM/DD/YY)

## Type of Birth

S = Single QD=Quadruplet  
TW=Twin QT=Quintuplet  
TR=Triplet ET=Embryo Transfer

## % (Percent)

FB = Fullblood, PB = Pureblood or % = Percentage animal.

## AI (Artificial Insemination)

Animals born as a result of AI must be designated by placing "X" in the AI column. If the breeder does not own the ram from which semen was used, a "Certificate of Semen Transfer", signed by the owner of the ram, must be submitted with the Application for Registration.

## Embryo Transfer (ET)

I=Imported Embryo  
D=Domestic Embryo  
N=Not the result of Embryo Transfer

## Sire's Registration Number

List the sire's registration number as it appears on the ADSBS Registration Certificate.

## Sire's Flock Name and Number

List the sire's flock name and number as it appears on the ADSBS Registration Certificate.

If the owner of the lambs being registered does not own the sire, a Breeding Certificate is required. If you borrowed or leased the sire, the owner of the sire must sign a Breeding Certificate. Note! The owner of the sire is not the breeder in this situation.

## Lambs from Multiple Sire Group

Enclose a "Multiple Sire Breeding Group Form" and see "ADSBS Regulations and Procedures" for details.

## Dam's Registration Number if an Unregistered Ewe/ Foundation Ewe

Leave blank, since the dam is not registered.

## Dam's Flock Name and Number

List the dam's flock name and number as it appears on the ADSBS Registration Certificate.

## Dam's Flock Name and Number if an Unregistered Ewe/Foundation Ewe

List the dam's flock name and tag number of the unregistered ewe/foundation ewe. If the Unregistered Ewe/Foundation Ewe was purchased from another breeder, you will need to enclose a Certificate of Foundation Ewe(s) Sold, sign by the seller.

## Dam's Registration Number

List the dam's registration number as it appears on the ADSBS Registration Certificate.

## Transfer of Ownership

If the animal being registered has been sold, indicate the date of sale and the exact name, and address of purchaser. Animals will be transferred upon registration, if accompanied by a transfer fee. Any animal that is transferred, the Registration Certificate(s) will be mailed to the purchaser from the ADSBS office. If you do not want the Registration Certificate(s) to be mailed to the purchaser, write a note requesting all paperwork to be returned to you.

## Disqualifying Faults

See Members' Manual for details.

## All Forms on our Website

ADSBS Forms, Rules & Regulations, and Fee List can be obtain from [www.dorper.org](http://www.dorper.org). Go to our website: [www.dorper.org](http://www.dorper.org) and then FORMS and then Registry Information and then select the form you need.
